

### DESCRIPTION

#### Chlorine Neutraliser

An additive that eliminates chlorine carry-over in commercial laundry applications, reducing fabric damage.

### FEATURES:

- Chlorine carry-over can damage fabrics and shorten their lifespan.
- Anti chlor eliminates chlorine carry-over, protecting your fabrics and keep it looking new for longer.
- It chemically neutralizes residual chlorine bleach in the final rinse, making it more effective than other methods of chlorine removal
- Clissal anti chlor decreases final rinses and save time and money.

### APPLICATION:

Should be applied in the last rinse to neutralize residual alkali and to reduce traces of active chlorine

### DIRECTIONS FOR USE

Add 2 to 4gms of Clissal Anti Chlor per kilo of dry cloth at the end of the wash process.

Temperature: Cold.

Operation time: At least 5 minutes
